MESSAGE FROM THE FOUNDER PRESIDENT

"Amity is not just a group of institutions which imparts world-class education, but an experience where everyone associated is part of a dream, a mission to see that we nurture truly great leaders.

In my over 30 years stay in West Germany I realised, through interacting with the over 6000 Europeans working for me, that we Indians have the intelligence, the talent and the potential to be the more successful people in the world. That is why we established the Ritnand Balved Education Foundation in 1986 to start institutions which will groom young future leaders to be complete, value-driven human beings and competent professionals with a deep passion for humanity. These will be the People who will lead the world.

Today, we are proud that Amity is synonymous with practical, industry focussed education, and attracts the best students. The fact that our alumni are working in the best companies across the world is a testament to our extremely talented faculty who inculcate, by example, in each student the spirit of dedication, sincerity and loyalty, and to all the corporates who support our mission with so much enthusiasm.

Each one of our students will be a success story. This is my dream; this is my commitment."

THE WINNING EDGE

Our Curriculum is designed by Internationally certified coaches and trainers who have combined the best practices of the western world with the Indian value system making us a one of its kind finishing school.

The students will have free access to our training material over emails and social media platforms. Every class is facilitated through hands on experience and practical learning techniques. We curate bespoke programs for corporates, schools and colleges on soft skills, personality enrichment and international protocol.

Along with the Luxury Brand Management, we as a finishing school will provide additional personal and professional branding and grooming for the graduates.

We create polished future leaders through rigorous personality development and leadership training to master international social and business standards.

THE ADMISSIONS PROCESS:
